

# GRAPHICS COMMUNICATIONS MAJORS!

## It's time you've discovered PRINTING United Alliance.

The most comprehensive member based printing and graphic arts association in North America; built by and for printers with the largest, all-inclusive community of printing students and professionals in the industry!

Tap into a network of like-minded peers studying graphic communications, find innovative resources, programs, workshops, and more to complement your current education, including:

### Exclusive Content

Discover our library of resources including research on the latest technical trends, sustainability best-practices, OSHA compliance, supply chain resources, wages, salaries and benefits reports, and Environmental, Health & Safety issues. Plus, access to the quarterly Printing United Journal.

### Events & Education

Develop a network by attending Alliance hosted events at a discounted price, join our free monthly webinars, and grab your free expo & education pass to our annual PRINTING United Expo.

### Professional Development

Buildup your credentials through iLEARNING+. Our e-learning platform features a robust collection of the most complete educational courses and certifications specifically for the graphics communications and printing industry. Courses are free for students!

### Free Membership

Enjoy two years of complimentary individual membership after graduation. Stay connected with your community and develop in-roads that can help your career path in the graphics communications and printing industry.

Alert your professor! Have them sign up your school today and start your journey with the Alliance.
